

**Primary Mirror Fasteners, visible**

**Clips:**

Standard Plastic

Metal J

Vancouver Mirror Slide

**J-Channel:**

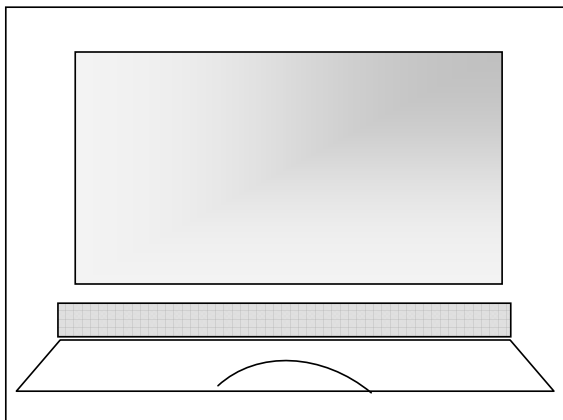

Top application

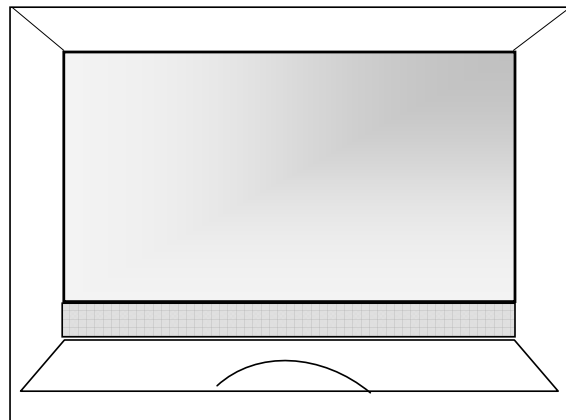

Bottom Application

**Typical 'Open' Mirror Installation:**

Standard Plastic top & Metal J bottom (2 ea typ)  
 Standard Plastic top & bottom (4 typ)  
 Vancouver Mirror Slide top & bottom (4 typ)  
*Number of clips will vary based on mirror size*  
 J-channel bottom, glue  
 J-channel bottom, Plastic or Vancouver clips top  
 J-channel top & bottom, glue  
 J-channel surround, false miter  
 Frameless, glue  
*Mirror can rest on splash & be open top & sides*

**Typical 'Closed' Mirror Installation:**

*Edges of mirror butt to adjoining walls, ceiling*  
 J-channel bottom, glue  
 J-channel top & bottom, glue  
 J-channel & flat surround, false miter  
 Frameless cut to fit, glue

*Considerably more labor required for closed application as compared with open*
